

MOCCASIN WALLOW ROAD IMPROVEMENTS SEGMENT 1

MARCH 11, 2024

NOTICE OF TEMPORARY DETOUR AND LANE CLOSURES

As part of Moccasin Wallow Road Segment 1 Improvements project, Grand River Parkway will require temporary lane closures and a detour necessary to build a portion of the intersection.

Beginning at **7 a.m. on Saturday, March 23, 2024**, and continuing through **7 a.m. on Monday, April 1, 2024**, all northbound travel lanes, and one southbound travel lane on Grand River Parkway will be temporarily closed. Motorists wanting access to the North River Ranch community located off Moccasin Wallow Road will need to follow the temporary detour route via Moccasin Wallow Road to Fort Hamer Road and then to the entrance of Brightwood at North River Ranch. Motorists can exit North River Ranch via Grand River Parkway, but the southbound lanes will be reduced to one lane. See the map on the back of this notification for temporary road and lane closures and detour route.

Motorists are urged to exercise caution and observe the new traffic patterns when traveling in this area.

PROJECT INFORMATION

Moccasin Wallow Road is an east-west connection and evacuation route for the rapidly growing North County area. In addition, Moccasin Wallow Road provides an important economic function and benefit by connecting SeaPort Manatee to the state roadway transportation network. The Moccasin Wallow Road widening projects consists of 6.5 miles of roadway between U.S. 41 and U.S. 301. The improvement projects will widen the existing two-lane roadway to four-lanes, and plans include the addition of bicycle lanes, sidewalks, and a shared-use path. The current projects will be designed to expand travel lanes in the future, eventually making Moccasin Wallow Road a six-lane divided urban roadway.

ANTICIPATED COST AND CONSTRUCTION SCHEDULE

Project Cost: \$28 million

Construction Start: January 2023

Completion Date: Fall 2024
